## Professional Summary

Motivated and detail-oriented Full Stack Java Developer with an MCA and strong expertise in Core Java, Spring Boot, Hibernate, and web development. Proficient in building scalable, responsive applications with hands-on experience in RESTful APIs, MVC architecture, and database design. Collaborative team player with a passion for delivering clean, maintainable code and solving real-world problems through technology.

---

## Technical Skills

- Programming Languages: Core Java
  - Web Technologies: HTML, CSS, JavaScript, JSP
  - Frameworks & Libraries: Spring Boot, Spring, Hibernate, MVC
  - Databases: MySQL, JDBC
  - Tools & IDEs: Eclipse, Spring Tool Suite (STS), NetBeans, Visual Studio
  - Version Control: Git, GitHub
  - Other Skills: RESTful API Integration
- 

## Experience

### Software Development Intern

**Codenera Pvt Ltd, Pune**

**February 2024 – July 2024**

- Developed web applications using Core Java, JSP, HTML, CSS, and SQL.
- Built and maintained backend modules using JDBC, MySQL, Spring, and Hibernate.
- Participated in full-stack project cycles including planning, coding, testing, and deployment.
- Completed 6-month Java Full Stack Development training with hands-on project implementation.

### Freelance Java Developer

**Self-employed | Remote**

**Technologies: Java, Spring Boot, Spring MVC, JSP, MySQL, HTML, CSS, JavaScript, Git, GitHub**

**June 2024 – Present**

- Developed full-stack Java web applications using Spring Boot, Spring MVC, JSP, and MySQL.
  - Created dynamic user interfaces with HTML, CSS, and JavaScript.
  - Designed and optimized relational database schemas and queries in MySQL.
  - Followed the MVC architecture and applied clean coding principles to ensure maintainability.
  - Managed source code and version control using Git and hosted projects on GitHub.
  - Oversaw the entire development lifecycle, including design, development, testing, and deployment.
- 

## Projects

### 1. Cake Shop Management System

**Technologies: Java, Spring Boot, JSP, CSS, MySQL**

- Built a responsive full-stack web app to streamline cake shop operations and enhance user engagement.
- Implemented secure user registration and login with password validation and error handling.
- Developed a dynamic homepage featuring animated buttons and thematic background images.
- Built an admin dashboard for managing orders, inventory, and user .
- Built using Java, Spring Boot, JSP, MySQL, and HTML/CSS.

## 2. Auto Spare Parts Management System

*Technologies: Java, Spring Boot, JSP, CSS, MySQL*

- Built and normalized MySQL schemas to handle products, customers, and orders.
- Integrated RESTful APIs for real-time vehicle part lookup and inventory updates.
- Collaborated with cross-functional teams to implement and test features.
- Built using Java, Spring Boot, JSP, MySQL, and HTML/CSS.

## 3. E-Learning platform

*Technologies: Java, Spring Boot, JSP, CSS, MySQL*

- Developed a dynamic web-based platform that allows students to access educational notes and purchase a variety of courses.
- Integrated secure user authentication, course listing, and a simple checkout system.
- The platform ensures a smooth user experience with responsive design and efficient navigation.
- Built using Java, Spring Boot, JSP, MySQL, and HTML/CSS.

---

## Education

### **Master of Computer Applications (MCA)**

*Savitribai Phule Pune University, Pune — 2024*

### **Bachelor of Computer Applications (BCA)**

*Chhatrapati Shivaji Maharaj University, Kolhapur — 2022*

---

## Certifications

- Java Full Stack Development – 2024
  - Python Programming & Cyber Security – 2021
- 

## Languages

- Marathi
  - English
  - Hindi
- 

## Hobbies

- Playing chess
  - Listening to music
  - Traveling
-
