Projects

Agriculture Web Portal

Tech: Java, HTML, CSS, MySQL
- Built a platform enabling farmers to sell seeds and materials directly to buyers.
- Designed intuitive UI and implemented backend logic for real-time data handling.
- Added educational content for improving farming practices.

Auto Spare Parts Management System

Tech: Java, Spring Boot, JSP, HTML, CSS, Bootstrap, MySQL
- Developed a full-stack system for managing auto spare parts for users and admins.
- Implemented product browsing, cart, ordering, and secure payment integration.
- Built admin features for product and user management.
- Designed responsive UI with modern Bootstrap styling.

Cake Shop Management System

Tech: Java, Spring Framework, JSP, HTML, CSS, JavaScript, MySQL, Bootstrap
- Created a responsive, visually appealing web app for cake shop operations.
- Implemented secure authentication, dynamic homepage, and product showcase.
- Built admin dashboard for managing orders, inventory, and users.
- Added animations, hover effects, and themed UI for enhanced user experience.

Education

Master of Computer Applications (MCA)

Savitribai Phule Pune University, Pune | 2024

Percentage: 77%

Bachelor of Computer Applications (BCA)

Chhatrapati Shivaji Maharaj University, Kolhapur | 2022

Percentage: 78%

Certifications
- Java Full Stack Development – 2024
- Python Programming & Cyber Security – 2021

Languages

Marathi , English, Hindi

Hobbies
- Playing chess
- Listening to music
- Traveling
